

WHAT YOU
CAN DO
FOR YOUR
FUR BABY!

PAWSOME

BROAD SPECTRUM HEMP SPRAY WITH ACEMANNAN FOR PETS

Most animals, just like humans, have an endocannabinoid system. Alovéa's hemp spray offers great benefits to them as well! Pawsome's compound offers a broad spectrum profile of THC free ingredients that work well together

to offer relief from anxiety, joint discomfort and helps support better mobility. Better yet, this incredible spray offers overall immune support to help our furry friends as they age.

WE LOVE THEM LIKE FAMILY!

Despite the dosing conundrum, there are no known risks if either you or your dog take a bit too much Hemp oil.

Pawsome is non-toxic and non-psychoactive, meaning it's not going to get your dog high and is not going to cause any negative feelings of anxiety or paranoia like THC can

"With a 15 year-old and one year-old poodles, Pawsome has helped one to feel 'younger' while thankfully calming down the young one and they both love the bacon flavor."

— **Cindy H., Texas**

PETS LOVE HEMP

All four letter words that go well together, and we all know how much we love our fur babies! But did you know that our family pets also love hemp?

BENEFITS INCLUDE:

- Provides calming relief from stress and anxiety
- Helps support joint health
- Provides overall immune support
- USA sourced and non-GMO hemp

Bacon Flavoring is certified Kosher, all natural, and sugar and gluten free!

Alovéa Pawsome™ can support our Customers' and Partners' pets with the most advanced nutritional support for healthier living. Every product purchased also helps to nourish children in need through our Buy 1, Nourish 2™ giving initiative. For details, visit us online at alovea.com/hopemovement

Do Health Different!

INGREDIENTS: Organic Hempseed Oil, Natural Flavoring, Phytocannabinoid Rich Hemp Oil, Alovéa AE (Acemannan Extract).

SUGGESTED USE: Shake well. Spray directly on your pet's food or administer to your pet orally.

RECOMMENDED DOSAGE*:

Small (under 15 lbs): 1-2 sprays per day.

Medium (15 - 40 lbs): 2-3 sprays per day.

Large (40 - 75 lbs): 3-4 sprays per day.

X-Large (75+ lbs): 4+ sprays per day.

STORAGE: Store in a cool, dry place away from excessive heat, light, and humidity in order to preserve quality.

* Begin with a smaller dosage for those pets that might be sensitive. Monitor how your pet reacts then increase dosage to the recommended dosage when you feel good about your pet's response.

WHY PAWSOME?

This pawsome, incredible, bacon-flavored health spray combines a patent pending blend of organic hemp oil and nature's most powerful immune support that:

Helps support joint health

USA sourced and non-GMO hemp

Provides calming relief from stress and anxiety

Every batch double tested to ensure 0.0% THC

Supports overall immune support

Independently tested for purity, potency and quality

ACEMANNAN – THE GAME CHANGER

There are many hemp oil products that have been formulated with additional ingredients to provide support for specific benefits like improved sleep, mood and joint health. One of the most profound impacts has come from the addition of nature's most powerful molecule, Alovéa AE (Acemannan Extract).

Combining the immune modulating fractions of Acemannan with phytocannabinoid rich hemp provides a symbiotic impact (1 + 1 = 4) that can dramatically enhance overall immune support.

Each bottle of Pawsome contains a proprietary blend of these rich hemp cannabinoids and Alovéa AE with an emollient blend of certified organic essential oils — a powerful combination to ease tension and discomfort naturally.
