

ALOVÉA™

Do Health Different

ALOVÉA™

Pronounced 'al-oh-vey-uh'

ALO

Designates aloe vera, a medicinal plant used for thousands of years for its healing properties

VÉA

To be unique or different, to be followed by everyone who loves something different

This special word defines a very unique movement that is helping to transform the world's approach to better health.

OUR MISSION is to provide the marketplace with the most scientifically advanced nutritional products and through our Buy 1, Nourish 2™ social giving platform, donate that same nutritional support to the world's most vulnerable, medically fragile children, while richly rewarding those who choose to help champion our cause.

THE HOPE MOVEMENT

Powered by ALOVÉA

FIRST OF ITS KIND, MARKET-DRIVEN MOVEMENT

- Created by two International not-for-profit organizations.
- Provides nature's most powerful nutritional technologies to help meet the world's most challenging health concerns
- Driven by a Social Business 3.0 shared revenue/travel/giving program to maximize global impact

Replace "I" with "We" and you change "Illness" to "Wellness."

BUY 1, NOURISH 2™

We Do Health Different at Alovéa Global, insuring that we pay it forward through our Social Business 3.0 platform. Nutritional servings are donated to children in need for every product sold through our Buy 1, Nourish 2 social giving program. Alovéa Social Business Partners (SBP's) want their efforts to account for more than just a paycheck.

Buy One, Give One Success Stories

Donated over 96 million pairs of shoes

Donated over 30 million pairs of socks

Distributed over 5 million pairs of glasses

24 + million servings of advanced immune support have already been donated to children around the world

President Vicente Fox, Nobel Prize Laureate Muhammad Yunus, MannaRelief founder and CEO & President of Alovéa, Sam Caster Strategizing the creation of the HOPE Movement

THE CHALLENGE:

CHRONIC DISEASES

6 of 10 adults in the U.S. live with a chronic disease, and

4 of 10 adults in the U.S. live with 2 or more chronic illnesses.

SUPERBUGS AND VIRUSES

Infectious diseases are predicted to kill more people than cancer by 2050.

Over **6 million children** die from chronic and infectious disease each year.

COSTS: The management and treatment of chronic diseases accounts for 90% of it's **3.2K trillion dollar a year** healthcare costs predicted to top **4.2 trillion by 2023.** *cdc.com*

THE SOLUTION: A PARADIGM SHIFT

Our immune systems are designed to protect us from every kind of chronic and infectious disease. So why has the world become so threatened by these type of health concerns? The growing challenges of poor nutrition, toxicity, and stress have created a global epidemic of a condition called "immune deficiency." **If we don't shift our healthcare focus towards the improvement of our immune systems, our bodies will become more susceptible to disease, as well as viral and superbug pandemics.** Alovéa has been created to develop nature's most powerful and proprietary nutritional ingredients for supporting this shift in healthcare.

Nature's Most Powerful Immune "Activating" Molecule

In the mid 1980's a group of research pharmacologists discovered and patented the process required to stabilize the biologically active molecule in the aloe vera plant. It was named Acemannan and over 100 million dollars was invested in validating its unique role in activating the body's immune system functions of defense and repair. **No other molecule in nature or medicine can provide this unique level of immune support.**

ACEMANNAN RESEARCH FINDINGS

- Enhances immune system response to viruses and infections
- Increases stem cell production 300–400%
- Has a 10 fold impact on immune activation

Immūn
Therapeutic levels of Acemannan to support best health outcomes.

HOPE POPS
Healthy treats with Acemannan for immune support

ALOVÉA AE

A LEAP FORWARD

In 2014, **Dr. Santiago Rodriguez**, the world's leading expert on Acemannan technologies, used new science to develop a second generation Acemannan extract with 4 -5 times more immune activating fractions of Acemannan per gram than his original patented product.

We call it Alovéa AE (Acemannan Extract) and it was donated exclusively to the HOPE Movement to support our Social Business platform for global health transformation.

What do people want?

Stress Relief

Stress is one of the major contributors to chronic inflammation, anxiety and overall poor health

Mental Clarity

Clear the brain fog. Loss of memory and critical thinking have become some of the biggest concerns of our aging population

Clean Energy

More energy without the 'crash' of sugar or stimulants

Sustainable Fat Loss

No one wants to go through weight loss programs just to see all that fat come back with a vengeance

Better Health

66% of all American adults take one or more pharmaceutical drugs to manage their poor health conditions.

Better Sleep

Poor rest doesn't allow your body to heal and rejuvenate itself

Happy Hormones

People want their hormones to work for them instead of against them ie, mood swings, night sweats and hot flashes

ADVANCED REBOOT SOLUTIONS

Rebooting is the process of biohacking your body chemistry with nature's most powerful molecules to achieve results that go far beyond the impact of healthy diet and exercise alone.

Our goal is to work with the best scientists and researchers in accessing nature's most scientifically validated molecules for rebooting your body's ability to defend, balance, and heal itself.

At ALOVÉA We Do Health Different!

Choose to Change Your Health and Help us Change the World!

Are you Ready to Reboot?

REBOOT YOUR

- Immune Support: Activate your Front Line of Defense
- Endocrine System: Make those Hormones Happy
- Endocannabinoid System: Brain, nervous systems & Immune support
- Inflammatory & Oxidative Stress Defenses
- Natural Cleansing Systems

TO ACHIEVE:

- Fat Burning Metabolism
- Clean Energy Production
- A Healthy Gut
- A Healthy Brain
- A Healthy Body

Alovéa makes no healing, curative, or medical claims regarding its products, which are not intended to diagnose, cure, treat, heal, or prevent any disease, illness, or medical condition. If you have a medical condition, consult your physician before beginning this or any health program. Some products shown are not available in all Alovéa Markets.

Social Business Partner Travel Opportunities
